

# TRUNDLE CENTRAL SCHOOL

Croft St, Trundle NSW 2875

*A school that provides a professional, stimulating and challenging learning environment*

## UNIFORM POLICY

**Purpose:** A school uniform identifies children with a school, promotes student allegiance and it also acts as a means towards providing equality amongst children, regardless of socio-economic background.

**Date:** November 12/11/2015

**Aim:**

- To encourage pride in 'our' school.
- To provide security for children travelling to and from school.
- To encourage wearing of school uniform as it enhances school spirit and pride.
- To enhance school safety through easy identification of people in the school.

**Implementation:**

- School communities to determine the standards of dress with consultation of staff, students and parents. The **Principal to have the final decision** on the type of school uniform.
- Once endorsed by school communities, school Principals need to be responsive to **economic, personal and social factors**.
- School uniform should be chosen wisely with easy care fabrics selected.
- No student can be prevented from attending school, or placed in a position of embarrassment at school because he or she is not wearing a school uniform. However, if the school provides uniform through the Special Assistance Scheme students are expected to wear uniform.
- The wearing of school uniform **on most excursions will be compulsory**. In this case, every attempt will be made to provide a uniform if the student does not own one. If the Principal has deemed that the wearing of uniform on an excursion is compulsory and a student chooses not to wear the uniform then the student will not be permitted to attend that excursion and may forfeit any charges incurred.
- The Secondary girls' supervisor will advise girls ~able jewellery.
- All students may only wear studs if they have pierced body parts.

- Students should assess their own skin type and take greater precautions e.g. long sleeved garments if highly susceptible to direct sunlight.

**Evaluation:** Regular evaluation should occur with the P & C of the uniform policy.

**Memorandum:** School Uniforms - Amended Policy (9/10/86)  
The School Discipline Policy 1996
