Trundle Central School Newsletter

Term 1 Week 4

14th February 2022

Congratulations Mitchell

Last Friday, we held our annual swimming carnival.

The students' behaviour was exceptional and overall it was a fun and enjoyable carnival.

Mitchell finished first with 617 points and received the P&C house shield. Well done!

Pictured: The house captains William Taylor and Miranda Barnes with the shield.

More photos on p. 7-8

Secondary Age Champions: Harry Budd, William Taylor, Aliethea Stokes, Kayden Charlton-Little and Jessica Morgan.

Primary Age Champions: Hailey Bolam, Thomas Sanderson, Mackenzie Bolam and Cameron Strudwick.

Principal's Message

I am responsible for keeping every child who attends this school and employee safe. I always act with an abundance of caution, especially during COVID outbreaks. This is because of the demographics of our community. Trundle will lose many community treasures if an outbreak of COVID enters the hospital or Brookview units.

Children do not suffer from the symptoms or side effects from COVID as much as adults. They are transmitters to others, however. It absolutely amazes me a few vocal people find the thought process of keeping children safe challenging. It is also disappointing many of the current vocal Facebook warriors would struggle to even find Trundle on a map. I will explain, not apologise, for the decision made in consultation with executive, to exclude parents and spectators from this year's swimming carnival:

- In the week up to the 9th of February, 2 days before the swimming carnival, Parkes our major service centre had 165 new cases of COVID. Parkes and Trundle have had outbreaks of COVID consistently during this outbreak also. I cannot believe our community is immune from infection considering the number of people commuting every day or because the venue is open air.
- Every adult working for the Department of Education is vaccinated and undergo rapid testing weekly. I cannot guarantee members of the parent body or community attending the carnival have this standard of community responsibility. I decided I was not willing to accept this level of risk to your children and the community.
- The layout of the Trundle pool is common entry, toilets, and canteen. If parents were placed in a separate area, they still would meet children from other families in these areas of the pool. Also, placing parents or community members in one area, many of which would not normally have social contact with each other is creating an environment for community infection rather than a COVID prevention strategy, I believe.
- Over the last two years considerable face to face learning has been lost because of widespread or localised spread of COVID. Considering the above points, the school should do everything within our capacity to reduce this risk of cases in the school.
- The current educational setting for this school is no un-necessary visitors. It is an absolute contradiction to enforce this rule on school campus, but then allow parents and community members at the carnival. The feedback I have had from other schools and venues is, it has been very difficult to encourage appropriate adult social distancing at carnivals. One school even reported parents and community members entering the marshalling area despite clear instructions not to. I believe this is totally unacceptable considering the current COVID outbreak.
- Our school had exclusive access to the pool. The advice received from Department of Education and Health is, **if schools have exclusive access to the pool the condition of no un-necessary visitors applies**. It is at the discretion of the principal to vary this condition. I have decided not to vary this condition. I also point out that the no parent and spectator condition has been on the school Facebook page for a considerable period (first days of school) and was in our newsletter.
- I do not manage other school communities. I will not be influenced by the vocal few or people making personal attacks. I ask the school community to always be aware of extra agendas behind some people's comments.
- People outside the school community have questioned the wording of my intention to call police if people refuse to leave the venue when directed. This is normal school practice if a person enters the school against the COVID setting or school policy and

and refuses to leave. This has been my stance for a considerable period. I did not write parents will be arrested for attending the carnival. This was a convenient inflammatory interpretation by people pushing an agenda.

- Prior to the carnival I received credible information that a member of the Trundle community was intending to attend the carnival with the sole intention of causing disruption. My direct information in the post and strong stance I believe reduced the chance of this occurring. Again, it is my responsibility to keep your children safe.

I need to make decisions for the whole school. I am very sure many of the people criticising me for having the courage and level of care to exclude parents and spectators from this carnival would also be extremely critical if an outbreak occurred in the community linked to the carnival.

Every student who attended the carnival should be proud of their effort and participation. The atmosphere of the carnival was happy and calm. This was especially throughout our High School students. I sometimes wonder if a small percentage of parents place unnecessary pressure upon children to achieve. Maybe trying to improve their self esteem by living through their children, rather than allowing young people to acknowledge that participation, fitness, and fun is always the primary goal of school sport. Our students should also be proud of the condition the pool was left in as pool management did not have to pick up any rubbish or return furniture after the carnival. This must be a rare occurrence after a school event.

It has been an outstanding start to the 2022 school year. I think the best in my 33 years of teaching. Students are extremely settled across the whole school. This allows all staff to focus on achieving our school's three strategic directions.

These are:

- **Literacy and Numeracy development**
 - Increasing the number of children in the top two bands of NAPLAN.
 - Increasing the number of Aboriginal students in the top three bands of NAPLAN.

- Implementing our Literacy and Numeracy whole school plan.

- **Positioning our school as a leader in pastoral care and services to the community.**

- Providing the pastoral care services that are lacking within the town.
- Providing a venue for health or pastoral care professionals to service the whole community.
- Increasing awareness of youth mental health.
- Providing students with the strategies to cope with periods of poor mental health.
- Providing numerous pathways to success at the individual student's level. These are often outside the confines of the traditional classroom structure.

- **Improving the instruction and delivery of stage 6 (11/12) programs.**

- Improving HSC results.
- Video conference delivery.
- Professional development for teachers.
- Provide numerous alternative pathways through Yr 11/12.

We are well advanced towards achieving these strategic goals despite the challenges of COVID. This year we can have guest speakers back in the school for essential curriculum reasons and programs. Students will be exposed to many additional pastoral care programs, especially in promoting positive mental health, drug and alcohol awareness, road safety and building and maintaining positive peer relationships.

Your school has numerous quality remedial programs for students struggling with curriculum access. Our current plan maintains this focus, but also directs considerable resources to those students in the middle and upper bands of the school. Our goal is to give these students the strategies, skills and self confidence to improve Literacy and Numeracy and reach their potential. I write self confidence because it is often a lack of confidence rather than ability that holds children back.

Over the last two years we have allocated considerable money and staff time to converting the library from a traditional passive space to an active enquiry-based learning hub delivering STEAM. This is Science, Technology, Engineering, Art and Mathematics. The work done by the STEAM team consisting of Mr Lynn, Mrs Sanderson and Mrs P is outstanding. This space has transformed the library. This team is also creating a mindset that encourages innovation in the classroom which I believe is essential for academic, social, and cultural growth. Every teacher in this school is allocated an additional \$1000 for innovation to provide experiences for children not readily available in Trundle.

Our school has developed strong relationships with cricket clubs in Sydney. The outcome of this partnership is a considerable stock of quality cricket gear to give away. This will occur this week or early next week. In fourth term we will run coaching clinics using professional coaches and players for our students.

Children should attend school each day the school is operational for a whole day. Children can only miss school for illness, or a reason accepted by the principal. This school has an outstanding attendance rate across all years. Indeed, last year we had over 30% of our students attending 100% of the time. This year again students achieving 100% attendance will go into a draw for a JB HiFi voucher to the value of 200 dollars. This does not mean a student cannot be sick. This is justified absence. What it does mean consistent attendance and effort will be rewarded.

The school gym has been added to the regular playground duty roster. Over the holidays significant work was completed to make the school gym a more functional educational space. There is considerable evidence to support the positive educational and health benefits of physical activity. Staff have also observed during the COVID lockdown the physical fitness especially endurance of many children has declined. I thank staff for giving our older more mature students the opportunity to self-refer to this program.

Last year we subsidised driving lessons for students. This was an acknowledgement of the cost of young people obtaining professional tuition

and a recognition that a licence is essential for employment or further study when you live in Trundle. This year we are enquiring about an instructor coming out to Trundle for whole days to give students lesson concentrating on those students in Year 12. This is a very expensive but a service to our community. This year we will also be booking the Rotary driving simulator. This machine simulates various driving conditions making young people aware of the level of danger associated with poor decisions such as drink driving and speeding.

Last week I was reminded of two pieces of advice. One from a local legend who is unfortunately suffering poor health now. He told me do not worry about what people think in Trundle because the same person who is patting you on the back one day is kicking you in the backside the next. Ian Anderson the best Principal I ever met told me only take criticism from those you trust for advice. Wise words from two vastly different but equally good people.

John Southon

Sports News

House Captains

Congratulations to the following students who were elected by their peers to be house captains.

Mitchell:

Captains	William Taylor and Miranda Barnes
Vice Captains	Aliethea Stokes and Paddy Williams

Oxley:

Captains	Blair MacDonald and Laney Cantrell
Vice Captains	Harry Budd and Jennet Dorman

Swimming Carnival

What a lovely day was had by the students at our annual swimming carnival. We started the day with the judging of the best dressed competition. Congratulations to Laney Cantrell and Thomas Sanderson from Oxley and Kayden Charlton Little and Brock Penny from Mitchell who won their categories.

Exceptional student behaviour, sportsmanship, house spirit and enthusiasm were all on display at the carnival. A special congratulations to the following students who were Age Champions:

	GIRL	BOY
Junior Primary	Mackenzie Bolam	Cameron Strudwick
Senior Primary	Hailey Bolam	Thomas Sanderson
Junior Secondary	Jessica Morgan	Kayden Charlton Little
Senior Secondary	Aliethea Stokes	William Taylor and Harry Budd

Also, congratulations to the following students who broke records on the day.

Thomas Sanderson -11 years 50m freestyle, Senior Primary 50m backstroke, Senior Primary 50m butterfly and All Age Primary 100m freestyle

Harry Budd -16 years 100m freestyle

William Taylor -17 years 100m freestyle and Senior Secondary 100m butterfly

Once again it was good to see and hear the Kinder/1/2 students in the baby pool swimming and dancing up a storm under the guidance of Ms Downes and Mrs Bridger.

Before the presentation, we held the 'One armed race' which started back in 1997. This event is for secondary, and the winners were Harry Budd and Aliethea Stokes.

This year Mitchell finished with 617 points and Oxley 435. As a result, Mitchell came away with the win and were awarded the P&C house shield. Thank you to Ash Farrar for providing such a wonderful faculty, where we can hold our carnival, Tracey Farrar for running the canteen and past student Hamish Sanderson who was the Lifeguard.

Nugget's Golden Nuggets

200 golden nuggets to all the students who attended the swimming carnival. Your effort and behaviour were excellent making this an outstanding event.

150 gold nuggets to Miranda Barnes. You are always smiling and your effort at the swimming carnival along with all the house captains was outstanding.

150 gold nuggets to all the Trundle Central School staff. Your friendly interactions with the students have established such a positive environment in our school. This was very evident at our swimming carnival.

150 gold nuggets to Miss Ranger and Ms Rush for driving the improvements in room 14. Southo has even put his shorthand into his long pocket for new carpet.

200 gold nuggets to our parent community for the outstanding presentation of your children. The uniform is excellent.

150 gold nuggets to Mr Burley and Mrs Budd for obtaining their light ridged licence. This gives the school more options for excursions once this COVID goes.

150 gold nuggets to Kristy from Parkes Shire. It does not matter how hot and dusty you are after mowing, you still wave and have a smile.

250 gold nuggets to the members of the community who took part in the Golf Club working bee. The club looks amazing for Southo's 25-kilometre power walk each morning.

200 steaming nuggets to Southo. Not one dog paddle event on the program for the swimming carnival! Just another example of the long way our

country has to reach equality.

250 steam nuggets to members of the community that use Facebook to make personal comments rather than stick to the issue. Facebook comments are for cowards.

250 steaming nuggets to people who allow their dogs to soil the footpath. Trundle is surrounded by open spaces for your dog to relieve themselves. Have some community pride.

Brain teaser from Nugget

**You bought me for dinner but
never ate me. What am I?**

(Cutlery.)

Primary

Parent Information Session

Due to COVID restrictions we are unable to hold our extremely popular parent information session. Each teacher will provide the students with vital classroom information regarding library days, necessary requirements for the classroom and reward systems. These will be sent home in the form of a newsletter this year.

Year 3/4 Headphones

All students in Year 3/4 will need a set of headphones for many different classroom tasks over the coming year. We are asking parents to provide a set of headphones for their child to use in the classroom.

Swimming Carnival

Last Friday was a warm but enjoyable day at the swimming carnival. All the students were so enthusiastic, trying their hardest when competing in events. Congratulations to our champions and also to every student who participated in the events! Thank you again to Mrs Morgan for organising a brilliantly well-run carnival.

Gobondery/NARRAF Swimming Carnival

The Gobondery/NARRAF swimming carnival will be held on Friday the 25th February in Warren. If your child is eligible to attend this carnival after our school swimming carnival they will be given a permission note and list of events over the coming week.

Swimming For Sport

Our regular swimming for sport will commence this Friday. We are sending one group to the pool at 1:00pm. This group will return to school at 2pm, have lunch and return to class for half an hour. The second group will walk to the pool as per usual and can be picked up at 3pm at the pool. Alternatively, if your child catches a bus home, they will be picked up at the pool.

Please check your child's note carefully. If your child is in the group from 1:00-2:00pm, it is preferable for your child to bring their lunch and suggested that they also bring extra recess.

Please return all permission notes to the front office as soon as possible.

Sun Safe Policy

This term is a No Hat No Play term. Students MUST wear a wide brimmed hat. This means that if they do not have a hat, they cannot participate in any outdoor activities including lunch time play. We keep a small selection of spare hats for those students who accidentally forget their hats. These hats are washed regularly but are not to be used every day by the same students. We will endeavour to call parents to let them know their child has forgotten their hat so that it can be found. Please make sure you put your child's name inside their hat.

Crunch and Sip

Children are encouraged to bring FRESH fruit or vegetables to school for Crunch and Sip. They are also able to have a sipper bottle of water in the classroom. We encourage the students to regularly drink water throughout the day.

Kindergarten's first morning assembly last Wednesday.

Secondary

Congratulations to all the students who took part in the swimming carnival on Friday. The student's enthusiasm, sportsmanship and behaviour was outstanding as usual. Particularly big congrats to those who swam in every race they were eligible, and even some who took 2 turns in the relay to make it happen! Thanks to all the staff and particularly Mrs Morgan for her organisation. Great way to start the year.

This week we commence using the gym as another supervised area during lunchtimes. Those students who are interested in this will have to have a safety induction and anyone who is using weights will be under supervision. Tuesdays will be a 'girl only' day to make sure they have equitable chances of using the equipment.

Year 11 & 12 students have received their notes for the Western Access Camp which will be held next week. The original cost has since been subsidised and the cost will be only \$50 per student. We will be departing next Wednesday [23rd of February] at 7am. Please ensure your child has returned the note. Massive thanks to the staff who are willing to supervise overnight at this camp - without this we would be unable to run this event for our students.

We will be commencing Interest Electives this Thursday. Students will make their choices over the next 2 days.

Congratulations to all the students for their settled approach to the start of the year. This has been amazing.

Please contact me at school if there are any issues in regards to Secondary.

Have a great week

Secondary Major Excursion

Our excursion which was scheduled for 15th - 18th March 2022 to Newcastle has been postponed due to COVID - 19 restrictions.

A new date is yet to be confirmed.

Miss Rowlands
Student Advisor

Room 14 transformation

We are giving room 14 a face lift.

New ergonomic furniture has arrived and it is designed to be used in a variety of combinations and has wheeled legs. Each desk can be set to a different height for the comfort of every student.

Our next step is painting the room and finally installation of high interest displays.

Miss Ranger and Miss Rush

Turf laying over the holidays

Thank you to Mr Grady and his helpers Miranda and Narella who laid turf at the front of the school during the holiday break. The grass is looking fantastic and aesthetically improves the front of the school. This grass will also keep our offices cool over hot summer days.

Junior Cricket

Our first game of 2022 saw the Gilgais travel to Berryman Oval to take on a vastly improved Trundle side full of enthusiasm after the summer break. Once again there was a capacity crowd of family, friends and Australian selectors. The Gilgais were a couple short, thanks to Cameron Strudwick and a couple of Condo Master Blasters who stepped up to play for them.

Our home ground has rarely looked in better shape, and under a cloudless blue sky the Gilgais won the toss and sent Trundle into bat. Joe and Vashti opened and played some very classy shots, successfully seeing off the new ball. Joe was again rock solid in defence, and Vashti continued to play some beautiful shots off her pads. Tristan and Gus came to the crease, keeping the scoreboard ticking over with some well placed shots and fantastic running between the wickets. Confidence was high that we would post another decent target to bowl at.

However as so often happens in cricket, this was turned on its head when Murray came on to bowl his opening over. After a first ball loosener the young Gilgais quick produced 3 jaffas in the next 5 that were virtually unplayable, removing Tristan, Cooper and Jamahl. It was a fantastic over, every bit as impressive as Scott Boland at the G. In the blink of an eye we were on the ropes. Out strode Zac who clearly hadn't read the Gilgais script and once again played a swashbuckling innings to top score with 14. Zac really was seeing them like watermelons, well supported by Harry and Adam. Tyrone ensured the tail wagged with some heavy hitting. At the end of our innings we were all out for 66. A very respectable total.

The Gilgais started well, cruising along before Tristan took a sharp catch off Zac's bowling, slowing their momentum. Adam once again was very economical, removing his ex teammate Cameron with a diving catch by Harry at mid off. Tyrone castled a couple in the middle order with some fantastic stump to stump bowling and we were in with a chance. As Cooper came in

to bowl, the fielders were on their toes as he always creates plenty of chances. His second over saw a climbing delivery with the batter rushing a pull shot and sending it high into the air. Jamahl made good ground to get under it, with the other fielders staying clear to avoid a 1999 Steve Waugh, Dizzy Gillespie type collision (youtube it). The ball seemed to hang in the air for an age, with Jamahl moving left and right as it swirled in the wind. Both teams and the whole of the crowd held their breath as the ball came back into view. As cool as you like, Jamahl never took his eye off the ball and pouched the catch, his first ever with a hard ball!! With two fists in the air, Jamahl was mobbed by his teammates as the crowd erupted. It truly was a catch that will go down in Trundle Junior Cricket folklore. Well done Jamahl. Vashti got some movement off the seam in the following over to remove the number 7 and we were 2 wickets away from an historic victory.

Unfortunately for us the Gilgais batted with patience and discipline, passing our total with a couple of overs to spare. It was another great game played in fantastic spirit. Well done to our guys who didn't have a single run out in their innings, which had been an unwanted feature of our game before the Christmas break. Thanks very much to Kristy Davison and the Council team for having the ground in such tip top shape. Well done everyone and see you on Thursday.
